#### History

- **labels:** Snowberry --> Snowberry, Windows XP

- **summary:** Runtime Error Errno 22 on PLAY --> [Snowberry] Runtime Error (Errno 22) on "Play"

##### #2 - 2013-03-29 08:31 - stavstav2

i also had this problem under xp on 2 different machines, with brand new installs of xp sp3 with all updates, with snowberry version 10.2 and 10.3

curiously this did not happen on another machine with xp and version 10.0, however this machine had .NET framework 3.5 installed

i think this maybe has to do with it now requiring the .NET framework (maybe)... or maybe not
