

Doomsday Engine - Feature #1316

HHE support

2004-01-01 15:13 - ben2k9

Status:	New	Start date:	2004-01-01
Priority:	Normal	% Done:	0%
Assignee:			
Category:	3rd party compatibility		
Target version:	Modding		
Description			
Although the Heretic Hack Editor has been discontinued (WHY???) it would be nice to have HHE support, just like Dehacked patches (they are different, .deh files are incompatible with Heretic).

Now that more ports are offering HHE support the number of mods which utilize it is increasing. We should consider implementing support for 2.0 (HHE patches are pretty much the same thing as DEH anyway).
