Doomsday Engine - Feature #1327

Render extra plane in XG sector

2004-02-16 01:03 - danij

Status:	New		**Start date:**	2004-02-16
Priority:	Normal		**% Done:**	0%
Assignee:				
Category:	Enhancement			
Target version:	Modding			

Description

The ability to render an extra floor/ceiling plane in any sector via XG.

This new plane would need to be able to be rendered as normal with solid/not solid flag (for eg deep water) and also with a mask option (could be tricky).

Not to be used for SOS stuff, more for special effects
