Description In snowberry, I think it might be an idea to make the little (+) button pop up a menu asking whether to show profile/create new, and have the (-) vice-versa, as I think that would be the first place anyone would pick (for profile options) Taken from this forum post. http://forums.newdoom.com/showthread.php?t=30678 Labels: User Interface

Snowberry is to be phased out and replaced with internal/runtime configuration.
