

## Doomsday Engine - Feature #1510

### Uninstaller to remove all files

2010-03-19 23:18 - thedevilhunter

<b>Target version:</b>	
<b>Description</b> As of now, I noticed there is no Uninstaller. They should make one, that removes all doomsday related stuff. It can be kinda annoying, even to newbies, to remove every file by hand. I hope this will get looked at.

An uninstaller is already included for Windows. After installing you will find the uninstaller in your Add/Remove programs section of your Windows control panel.

**#2 - 2010-03-20 13:54 - thedevilhunter**

I just looked thought that many times, Did not find it. I used the Exe to install, but there is no uninstaller

**#3 - 2010-03-20 13:57 - danij**

I don't know where you got this exe from but the official releases of Doomsday for Windows all come with an installer.

**#4 - 2010-03-20 14:04 - thedevilhunter**

I got it from <http://dengine.net/windows> Version 1.8.6

**#5 - 2010-03-20 14:15 - danij**

Ah I see, yes that is obviously an official release. I haven't used version 1.8.6 myself for quite a long time. Newer releases do include both an installer and an uninstaller.

**#6 - 2010-03-20 15:10 - thedevilhunter**

Well... As I been saying in the beginning, I used the Exe. I looked all though out the Doomsday folder, and even its program group, and add/remove programs. All does not have an uninstaller.

**#7 - 2010-04-13 13:03 - danij**

Ok. Newer versions do include them though, so I'll consider the issue closed.
