

Doomsday Engine - Bug #1718

Inventory item display/selection issues

2014-01-25 01:02 - danij

Status:	New	Start date:	2014-01-25
Priority:	Low	% Done:	0%
Assignee:			
Category:	Vanilla emulation		
Target version:	Modding		
Description			
The effective number of active slots is not reset when starting a new game.			
Also, in Heretic, there appears to be an issue with keeping track of used slots when the backspace key is used.			

History

#1 - 2014-01-25 01:09 - vermil

The inventory in Heretic doesn't appear to scroll when backspace is used, rather it page flips. When it flips one get's a load of empty inventory slots.

Hexen doesn't have any backspace issues.
