

Doomsday Engine - Feature #1834

Feature # 1601 (In Progress): Package management

Import Snowberry addon formats as Doomsday 2 packages

2014-07-17 11:12 - skyjake

Status:	Closed	Start date:	2014-04-19
Priority:	Urgent	% Done:	100%
Assignee:	skyjake		
Category:	Enhancement		
Target version:	2.0 – Home UI & Packages		
Description			
All the old Snowberry bundle/addon/box formats should be interpreted at runtime by FS2 into Doomsday 2 packages. This makes it possible to load/unload them at runtime.

History

#1 - 2014-07-17 11:13 - skyjake

- Follows Feature #1761: FS2 resource packages added

#2 - 2015-04-22 04:37 - danij

- Priority changed from Normal to Urgent
- Target version set to 42

#3 - 2015-04-25 00:37 - danij

- Due date deleted (2014-04-19)

#4 - 2015-05-03 14:31 - skyjake

- Target version changed from 42 to 2.0 – Home UI & Packages

#5 - 2015-05-21 03:23 - danij

Implementation note: It is very likely that we'll need to adapt other addon formats into Doomsday 2 packages. A flexible mechanism which allows for easily interpreting foreign file/folder schemas would be very useful here (and for translating manifests).
