

Doomsday Engine - Bug #1855

[XG] Dummything not fully initialized

2014-08-15 22:13 - vermil

Status: Closed	Start date: 2014-08-15
Priority: Normal	% Done: 100%
Assignee: skyjake	
Category: Defect	
Target version:	
Description Recent thinker changes mean that XG's dummyThing is not fully initialized, which causes Dday to crash on maps that utilize XG.	
Related issues: Related to Bug #1853: [Doom] Platform movement sound origin Closed 2014-08-14

Revision 1959d401 - 2014-08-16 12:35 - skyjake

Fixed|XG|libcommon: Misuse of dummy mobj in XG leading to a crash

p_xgsec was converted to C++ with some minimal cleanup. XG now allocates thinkers using ThinkerT, and does not call memset on the dummy mobj (which is a C++ instance).

IssueID #1855

Please test the fix with the next unstable build. At least in my old *xgtest* the crash was fixed.
