Target version:	1.15		
Description			
The 'Clear Log' taskbar button no longer functions correctly in the latest unstable (1416); it merely makes the log instantly close, rather than emptying it's content.

UI|Client|Console: "Clear Log" should actually remove all entries

"Clear Log" will now erase entries from memory instead of simply reducing the log height to zero.

Note that log height is reduced automatically to zero when the log is closed and opened.

IssueID #1903

- Target version changed from 49 to 1.15

#3 - 2014-11-23 11:23 - skyjake

The behavior of "Clear Log" has been to just reset the history widget height to zero ever since the task bar was introduced. However, it would be more helpful to actually remove the entries from memory (everything still stays in the log file, of course).
