

## Doomsday Engine - Bug #1930

[linux] doomsday-1.14.5 build from source with CONFIG+=deng\_fmod FMOD\_DIR=/opt/fmodex fails with error: 'FMOD\_SPEAKERMODE\_SRS5\_1\_MATRIX' was not declared in this scope

<b>Target version:</b>			
<b>Description</b>			
Here's the full error:			
<pre>../../../../doomsday-1.14.5/doomsday/plugins/fmod/src/driver_fmod.cpp: In function 'int DS_Init()': ../../../../doomsday-1.14.5/doomsday/plugins/fmod/src/driver_fmod.cpp:95:36: error: 'FMOD_SPEAKERMODE_SRS5_1_MATRIX' was not declared in this scope fmodSystem-&gt;setSpeakerMode(FMOD_SPEAKERMODE_SRS5_1_MATRIX); ^ Makefile:270: recipe for target 'driver_fmod.o' failed make<sup>2</sup>: *** [driver_fmod.o] Error 1</pre>			
I have FMOD installed in /opt/fmodex and set the FMOD_DIR accordingly, no luck. I also tried fmod-4.38.00 and fmod-4.38.02 still no luck... Does doomsday need a more up-to-date version of FMOD EX ?			

### History

#### #1 - 2014-12-13 21:54 - sermayen

Ok... got it working with fmod-4.44.9 from the fmod site... so this bug can be closed.
