Doomsday Engine - Bug #2040

Auto-completion popup widget width changes when scrolling

2015-05-08 23:23 - danij

Status:	Closed		**Start date:**	2015-05-08
Priority:	Low		**% Done:**	100%
Assignee:	skyjake			
Category:	User experience			
Target version:				

Description
When scrolling through the auto-completion suggestions the popup widget's width changes according the width of the longest visible suggestion. For example, try to complete the partial word "rend-dev-"

History

#1 - 2015-05-09 09:41 - skyjake

- Category changed from Defect to User experience

- Assignee set to skyjake

This is almost certainly related to the recent DocumentWidget content size accuracy fix.

Interestingly, taller document content like when autocompleting "re" does not cause a similar issue.

#2 - 2017-02-27 06:22 - skyjake

- Status changed from New to Closed

- % Done changed from 0 to 100
