Target version:	
Description 4th weapon UI is not displayed as hi-res in some cases (hexen) 1) run hexen with xarp addon: http://dengine.net/forums/viewtopic.php?f=18&t=1491 2) observe, that 4th weapon UI is displayed correctly (see attached hexen-000.png) 3) apply NRA cheat Actual result: now 4th weapon UI is displayed as vanilla sprite (see attached hexen-001.png) Expected result: should be displayed as hi-res UI	

History

#1 - 2015-06-11 11:39 - theleo_ua

- File *hexen-001.png* added

#2 - 2015-06-11 12:12 - vermil

I'm afraid this isn't a bug in Dday.

The XARP, as of writing, doesn't have replacements for the UI graphics in question.

- Status changed from *New* to *Closed*

#4 - 2015-06-11 13:49 - skyjake

- Status changed from *Closed* to *Rejected*

- Target version deleted (1.15.1)

#5 - 2015-06-11 15:11 - theleo_ua

vermil, you are right, i'm very sorry for this, but xarp has other hires UI images. Lets compare 1.8.6 and 1.15.1 behavior with xarp UI:

1.8.6: http://storage4.static.itimages.ru/i/15/0611/h_1434022499_2636699_ab701c56d8.png

1.15.0: http://storage1.static.itimages.ru/i/15/0611/h_1434024512_9470360_5d6ea7675d.png

Is this because "incorrect images in xarp" or something is broken in doomsday? If second, we can create another issue for this

previous comment has some mistakes:

vermil, you are right, i'm very sorry for this, but xarp has other hires UI images. Lets compare 1.8.6 and 1.15.0 behavior with xarp UI:

1.8.6: http://storage1.static.itimages.ru/i/15/0611/h_1434024512_9470360_5d6ea7675d.png

There may have been replacements for those graphics in an older version of the XARP, but they aren't in the latest version of the pack (0.12).

Raise this in the XARP forum thread and maybe they will be added to the latest version?
