<b>Category:</b>	Defect		
<b>Target version:</b>			
<b>Description</b>			
[HeXen] Crash when going through portals with wings (trying to unlock map06 in hub1)			
1) Start hexen original			
2) Go to map03 (visit03 cheat is acceptable)			
3) enter casper and indiana cheats			
4) go to secret exit to map04 (you should enter casper cheat again to enter the portal)			
5) activate wings of wrath in map04			
6) try to solve "one half of the secret puzzle in map04"			
7) go to the portal to map02			
actual result: crash			
expected result: player is teleported to map02 with activated wings			
workaround: do not activate wings unless map06 is unlocked			
Bus is reproduced in live stream, so here is the video demonstration: <a href="https://www.youtube.com/watch?v=zinx1oStuz0&amp;index=8&amp;list=PL5QwAqOy7WABpsDsuzSKwTk2S8QnzsLg5#t=1h59m50s">https://www.youtube.com/watch?v=zinx1oStuz0&amp;index=8&amp;list=PL5QwAqOy7WABpsDsuzSKwTk2S8QnzsLg5#t=1h59m50s</a> (watch from 1:53:15 (collecting wings at map 02) to 1:59:50 (crash) )			
Doomsday.out attached			
Reproduced in 1.15.8

- Status changed from In Progress to Resolved

I can definitely replicate the crash using 1.15.8. It looks like issue [#2061](#), but that was marked as fixed in May 2015 (during the 1.15 RC period).

I believe the bug was actually only fixed in June 2016 by [fb624179aa](#). I could not reproduce the crash in recent 2.0 builds.
