

Doomsday Engine - Bug #306

[HERETIC] Gauntlets unselectable

2006-07-21 20:36 - deus-ex

Status: Closed	Start date: 2006-07-21
Priority: Urgent	% Done: 100%
Assignee: danij	
Category:	
Target version:	
Description Current beta v1.9.0b4 doesn't allow to select the Gauntlets (default weapon keybindings). Using 'prev/next weapon' doesn't work either.

CORRECTION:
Gauntlets ARE selectable indeed. But they are not granted using the 'give a' (give all weapons/items) console command anymore, and thats what led me to the wrong assumption. Walking over the Gauntlet-pickup makes them available as usual. Made a new bug-report to reflect this.
