Description [HEXEN] Fighters Hammer is unselectable without mana. Current beta v1.9.0b4 automatically deselects Fighters Hammer when running out of green Mana. Trying to reselect the Hammer (without green Mana) has same result. Worked in previous Doomsday relseases including betas (as it should). Labels: jHexen Gameplay

I've submitted a patch (1551123) to fix this and the similar Axe bug.
