

Doomsday Engine - Bug #759

Dynamic lights on unpegged walls

2009-09-04 14:52 - vermil

Status: Closed	Start date: 2009-09-04
Priority: Normal	% Done: 100%
Assignee: danij	
Category:	
Target version: 1.9.0-beta6	

Description

In beta6.6, if a texture used on the side(s) of a lowering/raising platform features dynamic light(s), whether the line has been set to unpegged is ignored when the platform is lowering/raising (i.e the dynamic light scrolls up/down even though the texture isn't).

This is a bug that has arisen since 1.8.6 as this bug doesn't occur in that version.

I have attached an example wad showing the issue. Doom2 Map01.
