<b>Description</b> After entering the exit of the E2M7 or E3M7 map (and probably any other M7 map from each episode) the game goes STRAIGHT onto the final screen ("The boss has defeated" etc.). Therefore, there is no way to get to the final level except of ENGAGE cheat (but the M8 map still works fine with the cheat, though all my weapons are seized). I am using beta 6.7 of Doomsday engine and original HERETIC.WAD. I think that the bug is referred to any Doom or Heretic WAD or episode as well. I'll be trying further with other episodes.
