

Doomsday Engine - Bug #959

[Doom] Crushed bad guys and tag666

2011-03-31 15:01 - vermil

Status:	New	Start date:	2011-03-31
Priority:	Normal	% Done:	0%
Assignee:			
Category:	Vanilla emulation		
Target version:	Vanilla / Gameplay		
Description			
<p>I just tried E1M8 of this episode 1 map set in both Dday 1.8.6 and beta 6.9 and the 666 tag wasn't always triggering. I concluded that it was on account of at least one of the Barron's probably being turned into a gib pile by the crushers, before it's death states reached A_BossDeath.</p> <p>http://www.doomworld.com/vb/wads-mods/54849-double-impact-release-thread/</p> <p>The wad has not been uploaded to IDgames yet, hence the above link is to the Doomworld release thread for the wad.</p>
