

Doomsday Engine - Bug #988

[Heretic/Hexen] High-res title screen displayed incorrectly

2012-03-01 22:12 - vvv1

Status: Closed	Start date: 2012-03-01
Priority: High	% Done: 100%
Assignee: skyjake	
Category:	
Target version: 1.9.7	

Description

Title picture from high resolution UI displayed incorrectly in Heretic and Hexen (tested heretic-ext and hexen). No problems with high resolution UI for Doom (doom1-ultimate, doom2, doom2-plut, doom2-tnt). I've tested 1.9.7 stable on Linux, FreeBSD and win32.

How to repeat:
Unpack GUI-jHUI_gui.pk3 file from jhrp-20080611.zip to data/jheretic/auto directory. Then start Heretic:
doomsday -wh 1280 1024 -g heretic-ext
Unpack JX-Ui.pk3 file from <http://cainx.free.fr/Jhexen/Xccp/JX-Ui.exe> to data/jhexen/auto directory. Then start Hexen:
doomsday -wh 1280 1024 -g hexen

It works fine with old versions: 1.9.0 beta6.9, 1.9.7 build 364.
